

I am happy to apply for the position of Premedical Regional Director Region 4. I have involved myself with AMSA for all the five semesters I have spent at Texas A&M University, This letter is to inform you about my passionate desire to serve AMSA in a regional capacity or a national capacity while still an undergraduate.

Ever since age 5, my role model was Dr. Ben Carson. I had spent all my spare time in weekends and vacations during school years in volunteering to pick up technical and human skills that will be of use to me in my chosen profession. With my career goal of becoming a physician or surgeon, I naturally gravitated to the Texas A&M Chapter of American Medical Students' Association (AMSA.) within weeks of joining Texas A&M University as a freshman undergraduate student. I became a member of AMSA during my first semester as freshman, and attended all meetings, striving to become fully familiar with the organization and its members. I realized that the acid test was to deliver meaningful service to my AMSA Chapter and therefore kept looking for service opportunities as I got to know the organization better.

In my sophomore year, I felt quite at ease with AMSA and its Chapter at College Station. I was also known a regular participator in AMSA meetings. I felt that the time was ripe for me to run for an elected office. I thought that the office of Treasurer would be the ideal one for me to try, as I have a fairly good head for figures. While the job of Treasurer is not the most glamorous of elected positions, it afforded me a way to measure my performance in a quantitative way. I was able to win the position and put in a solid year of work keeping the books, initiating collection drives and maintaining a watchful eye on expenses. For the 2012 AMSA National Convention which was held in Houston, we were able to field a large contingent (which included myself) from Texas A&M University. I thus got to know a lot about the workings of the parent AMSA body in a National Convention Setting.

I was able to complete my year as Treasurer with the coffers of my AMSA Chapter significantly better off than when I initially took charge of them. I could hand over the books in a tidy and correct form to my successor.

I enclose my resume which will provide more information about myself. I look forward to the prospect of being elected and of serving AMSA in an important Regional role.

Thanking you,

Sincerely,

## Resume of Sri Hari Ayyar

Permanent Address:  
4629 Oleander Street  
Bellaire TX 77401

College Station Address:  
410 Briarwood Apartments  
1201 Harvey Road
