**HOWARD DEAN'S PRESCRIPTION FOR REAL HEALTH REFORM**  
**How We Can Achieve Affordable Medical Care for Every American and Make Our Jobs Safer**  
 by Howard Dean, MD with Faiz Shakir and Igor Volsky (Chelsea Green Publishing, July 2009)

**Gov. Howard Dean**—physician and former chairman of the Democratic National Committee (DNC)—served six terms as Governor of Vermont before running for the Democratic Party's presidential nomination in the 2004 election. Dean also founded Democracy for America (DFA), the grassroots organization that organizes community activists, trains campaign staff, and endorses progressive candidates. While he was Vermont's governor, the state expanded its universal healthcare program to cover nearly every child under age 18—and also lowered its public debt, balanced its budget, and reduced taxes.
