

AMERICAN MEDICAL STUDENT ASSOCIATION
HOUSE OF DELEGATES 2017
RESOLUTION: B4

INTRODUCED BY: Jessica English, Medical Education Programming Coordinator, Daniel Gouger, Medical Education Chair, Chiamaka Agbasionwe, Medical Education Advocacy Coordinator

SCHOOL: East Tennessee State University Quillen College of Medicine, East Tennessee State University Quillen College of Medicine, New York Medical College

SUBJECT: Principles Regarding Medical Education – Curriculum Design

TYPE: Resolution of Principles

1 WHEREAS the American Medical Student Association supports curriculum development on
2 topics of national concern, these topics can be difficult to anticipate year to year
3

4 WHEREAS potential topics of concern are preventative medicine, nutrition, patient safety,
5 occupational health, and the health needs of the aged
6

7 WHEREAS many other topics of national concern could potentially warrant the development of
8 federal and state grants and contracts with medical schools to support these projects
9

10 **THEREFORE BE IT RESOLVED** that the Principles Regarding Medical Education
11 Curriculum Design (p. 11) be AMENDED to more generally state:
12

13 1. In regards to Curriculum Design:
14

15 h. SUPPORTS the development of federal and state grants and contracts with medical
16 schools to meet the costs of curriculum development projects to improve the teaching of
17 medical students on subjects of public health or other emerging national concern that are
18 relevant to medicine and healthcare
