

INSTITUTIONAL PARTNERSHIP PROGRAM

Schools investing in their students send a powerful message to current and prospective medical students.

AMSA Institutional Partnership pricing is offered at a flat rate on a graduated scale based on incoming class size. As an AMSA Institutional Partner, all of your incoming medical students receive AMSA membership with full membership benefits for the duration of their medical school careers.

To receive the discount pricing below, your school agrees to become an AMSA Institutional Partner for at least 3 consecutive years and provides AMSA with an incoming class list each year for AMSA to onboard each student as a member. Students may opt out of membership at any time.

For more information and to receive discounted AMSA National membership for your entire incoming class, contact:
