

AMSA Reproductive Health Scholars Program Syllabus

September 8, 2022 - December 15, 2022

Course Email: rhsp@amsa.org

Course Directors: Alexandra Fountaine (alexandra.fountaine@amsa.org), Favour Nwauzor (favour.nwauzor@amsa.org), Melissa Gunewardena (melissa.gunewardena@amsa.org) and Oak Sonfist (EAF) (oak.sonfist@amsa.org)

AMSA Reproductive Health Project Staff

- Aliye Runyan, MD, Reproductive Health Strategist - arunyan@amsa.org
- Becky Martin, Senior Manager of Education & Advocacy - bmartin@amsa.org

COURSE OVERVIEW

AMSA strives to empower physicians-in-training to effect change through education and advocacy. AMSA Scholars Programs are designed to provide medical and premed students with information not covered in traditional medical school curriculum and to foster an online learning community of future physicians.

The AMSA Reproductive Health Scholars Program addresses the “hidden curriculum” in medical school and prepare students to think critically about abortion-related and education and training opportunities.

GOALS AND OBJECTIVES

Students should leave this program demonstrating an understanding of:

- History of Abortion
- Basics of clinical first trimester abortion
- Basics of clinical second trimester abortion
- How to provide options counseling
- Know thyself: values clarification in abortion care
- Reproductive justice and advocacy
- Diversity & equity issues in abortion access
- Rising maternal mortality in the U.S.
- State and federal laws - their impact on access to reproductive healthcare
- Accessing abortion training when it's not offered at your medical school
- Cultural competency and sensitivity within reproductive healthcare

Student should further develop the following skills:

- Gain confidence with speaking and networking in a group

- Be able to discuss the political and historic background of abortion care, in conjunction with clinical terms and definitions
- Advocacy efforts developed through the completion of a final project

Additional readings: Additional readings will be suggested prior to the time of lecture that will enhance your lecture experience and understanding. Some sessions may not have pre-reading.

COURSE REQUIREMENTS

The course is graded Pass/Fail based on the elements outlined below:

Attendance - 8/10 sessions (student must mark attended live or watched recording on the session attendance sheet in EventsAIR)

Participation - 7/10 sessions (during live sessions via Chat or voice, or via Class Comments for session in EventsAIR)

EXPECTATIONS

As you enter the EventsAIR room:

- Mute yourself upon entry
- Please put your phone on vibrate/off

- Prior to the start of the webinar, you are expected to read the corresponding material provided on EventsAIR. During the webinars, it is expected that you will attend like you would lectures at school. Please participate in the discussions, ask questions, and talk with your fellow scholars. - Check the EventsAIR regularly for assignments and updates.

- You will be required to complete a final project. You will get to choose your topic and have the opportunity to present at the **AMSA Convention June 2023 Poster Session**. Some scholars in the past years have even published their work. Most importantly, you will get as much out of this course as you put into the course.

- You are also encouraged to participate in **National Primary Care Week** and **Health Equity Week of Action (HEWA)**

INCLUSIVITY STATEMENT

We understand that our members represent a rich variety of backgrounds and perspectives. AMSA is committed to providing an atmosphere for learning that respects diversity. While working together to build this community we ask all members to:

- share their unique experiences, values and beliefs
- be open to the views of others
- honor the uniqueness of their colleagues
- appreciate the opportunity that we have to learn from each other in this community – value each other’s opinions and communicate in a respectful manner
- keep confidential discussions that the community has of a personal (or professional) nature – use this opportunity together to discuss ways in which we can create an inclusive environment in this course and within the AMSA community

FINAL PROJECT

Completion of a final project utilizing the knowledge gained from the course to educate & empower others in your school or community.

Project ideas include development of fact sheets, tool-kits, letters-to-the editor, etc.
Projects can be individually or in groups.

See additional details & resource links below.

AMSA Reproductive Health Scholars Program

September 8, 2022 - December 15, 2022

Session Schedule

All sessions will be held on Thursdays from 7:00-8:00pm ET

Session 1 - September 8, 2022

Program Orientation & Taking Action & Accessing Abortion Training When it's Not Offered at Your Med School

- Aliye Runyan, MD, AMSA Reproductive Health Strategist
email - arunyan@amsa.org
- Becky Martin, AMSA Senior Manager of Education & Advocacy

Session 2 - September 15, 2022

Diversity & Equity in Abortion Access & Our Health Care Workforce

- Dr. Kristyn Brandi, Assistant Professor, Department of Obstetrics, Gynecology, and Women's Health, New Jersey Medical School

Session 3 - September 29, 2022

Basic Clinical Overview of First Trimester Abortion & Second Trimester Abortions: A Clinical & Political Overview

- Jonah Fleisher, MD MPH FACOG, Assistant Professor of Clinical Obstetrics & Gynecology, Division of Academic Specialists of Obstetrics and Gynecology, Director, Center for Reproductive Health, University of Illinois, College of Medicine

Session 4 - October 13, 2022

Protecting Reproductive Health: State & Federal Laws that Impact Access & Care

- Bridger Winkler, Legal Fellow, National Women's Law Center

Session 5 - October 27, 2022

Reproductive Justice: Framework, Definitions, and How We Win

- Pamela Meritt, Executive Director, Medical Students for Choice

Session 6 - November 10, 2022

Options Counseling & Values Clarification in Reproductive Care

- Zoey Thill, MD, MPP, Family Medicine Physician, Montefiore Medical Center

Session 7 - December 1, 2022

Birth Settings in America: Outcomes, Quality, Access and Choice

- Dr. Melissa Cheyney, Birth Settings in America: Outcomes, Quality, Access, and Choice

Session 8 - December 15, 2022

When Routine Training is Unethical and Becomes Illegal: The Case of Intimate Exams for Teaching Purposes

- Robin Fretwell Wilson, Director, Institute of Government & Public Affairs, University of Illinois System & Roger and Stephany Joslin Professor of Law, University of Illinois College of Law

- Ashley Weitz, Victim advocate and trauma-informed care educator, lecturer, and consultant in Salt Lake City, Utah

Final Projects Overview & Resources

Completion of a final project utilizing the knowledge gained from the course to educate and empower others in your school or community is a requirement of this course.

Project Timeline

- **Project Proposal/Thesis Statement** limited to 1 page in length and should be submitted for feedback from your Course Directors by **October 13, 2022**. Group projects done by 3-4 people will be considered.
- **Final Project Outlines** should be submitted by - **December 15, 2022**.
- **Final Projects** completion date, on or before - **December 29, 2022**.

Certificates of completion for the program will be emailed AFTER FINAL PROJECTS are submitted. Students from AMSA Scholars Programs are strongly encouraged to submit abstracts of their projects to the annual AMSA Convention Poster Sessions, see info below.

Projects ideas, project proposals, and final projects should be submitted via your EventsAIR classroom - see Classwork section and Final Projects tab.

Project ideas include: development of fact sheets, tool-kits, letters-to-the editor, op-ed samples, research projects, and medical poster conventions. See samples and tools below. **NOTE:** All group project participants MUST each upload the same project idea description and it MUST include the names and emails of each person in this Scholars Program who is participating in the group project.

Research Project Tips from AMSA 2020 Convention Reproductive Health Poster Awardees - Meg Starcher, MPH, MS3 & Makenzy Sufficool, MS3

[Taking Action: Getting Abortion Training at Your Medical School](#)

AMSA Convention Poster Session (June 2023)

Abstracts should be no longer than 350 – 400 words and follow a standard format:

1. Background/Vision
2. Methods/Process/Action
3. Results/Impact
4. Conclusions/Connections/Meanings

Watch our [Poster Session Tutorial](#) with Dr. Matthew Stull. The AMSA 2023 Convention will be held in June 2023, details including poster submission information will be posted later this year.
