# Equity in medicine.

Change doesn't happen in a silo. Change happens when we come together as inspired individuals and organizations from all walks of life, from across disciplines – united by a desire for change.

For over 70 years, AMSA has convened medical students, physicians and innovators from around the globe for a single purpose:

**to empower future physicians to become leaders – ushers of a more equitable realm of medicine.**

This is AMSA's Annual Convention.

**As we started planning this year's convention –  
we took a step back. And did some thinking.**

# The way we see it —

We're future physicians. We chose this path as we want to make a difference in the world. And to do this today – to ensure that we make impact – we need to be bold. Audacious. We need to dare.

**Dare ourselves to imagine a better future.** Dare the world around us to be more accepting, welcoming and inclusive. Dare to try new things. And – perhaps most of all – dare to have some fun while doing it.

And so we are.

# Let's dare.

**This year, we're tuning things up by joining forces with like-minded organizations + allies.**

**INTRODUCING**

# Future Physicians for Change

June 15-17, 2023  
Phoenix AZ

**A 3-day hive of learning, advocacy + connection.**

By partnering with organizations with a shared vision – we are folding in more voices, ideas + resources that all serve up to one goal: To empower you – the next generation of physicians – to make change in health care.

Think of it as a kind of super-convention – AMSACon expanded. More voices. More ideas. More change. More fun.

Will you join us?

# What to expect?

## **to LEARN**

from medical experts, leaders + movement-makers—through inspired keynotes, hands-on SIM-training and much more.

## **to ADVOCATE**

learn to take that issue that keeps you up at night and take it to Congress. Literally.

## **to ADVANCE**

develop professionally—present research via a poster session, work on your CV, sharpen your communication skills + more.

## **to NETWORK**

in a really authentic way. Meet health care trailblazers and like-minded peers in an inspired, inclusive environment.

A group of diverse healthcare professionals, including men and women of various ethnicities, are smiling and posing for a photo. They are wearing white lab coats over their personal clothing. The background is slightly blurred, showing an outdoor setting with a building.

**This slide attempts  
to convey the spirit  
and energy this  
conference brings.**

**(But it is, after all, a slide.)**

**Come see for yourself**

# The main scoop.

When? June 15-17, 2023

Where? Phoenix, AZ

Who? Future Physicians  
Physicians  
Experts  
Trailblazers  
Innovators

# How to prepare?

## STEP 1:

Register to attend

Funding options – apply for a scholarship or ask school for funding

## STEP 2:

Consider submitting a poster – deadline is April 21

Sign up for Advocacy Day if this is your thing

Register your team for the National SIM Challenge by April 14

Nominate a changemaker for a National Award by April 17

**Only one last question.**

**Do you dare?**

**We think yes. Join us!**
